!NGENUITY

UNLOCK YOUR INGENUITY! TO MAKE IMPACT THROUGH ENTERPRISE

The Ingenuity Programme is a national innovation programme that directly addresses the UK's major social, health and environmental challenges through the creation of impactful new start-ups.

Ingenuity focuses on 3 key challenge themes:
• Building Stronger Communities
• Improving Health
• Tackling Climate Change

The programme provides start-up skills training, mentoring, networking, experiential learning and entrepreneurial development opportunities, plus routes to funding for early-stage impact driven businesses.

The most impactful ideas are awarded top prizes and receive a share of £75,000 in prize funding.
